

# **Tony Cobb's Personal Written Guarantee to our Customers... Since 1988!**

*"A guarantee is only as good as the people behind it, I have been installing gutters since 1988 and we stand by every job we've done, all 50,000+ of them!"*

*We warranty our "Premier Gutter System" and the "AGS Gutter Hood" for all the labor and all the materials for a period of twenty years. The guarantee does not cover damage resulting from the following: ice build-up; or damage from fallen trees and tree limbs; or other unusual circumstances or acts of God.*

## **9 More Reasons to Choose All Gutter Systems**

- **AGS use the Heavier .032 Gutter Coil**, this is best for the heavy snow loads that hit West Michigan. Many other companies cut costs by using the thinner .027 coil that does not hold up to the snow and ice loads.
- **We only use the strongest Hidden Hangers** that provide our customers with more attractive and longer-lasting installations. We do not use conventional spikes, which are unsightly and become loose after a few years of freeze thaw cycles. Rather, our hidden hangers allow for the gutter to expand and contract naturally while staying firmly in place.
- **We carry over 60 colors** of gutters and downspouts to match your home. In most situations we are able to match the colors of your existing fascia and siding or brick to help your gutters and downspouts blend in.
- **AGS is full service** including minor repairs cleaning needs, providing thorough and professional cleaning and repair.
- AGS is a member of the **West Michigan Better Business Bureau** - (616) 774-8236
- AGS is member of the **Home and Building Association of Greater Grand Rapids**. Many builders use and appreciate our prompt service, high-quality products, and professional installations. Call the H.B.A.G.G.R. at (616) 281-2021 for a referral of confidence.
- All Gutter Systems is an **EPA Lead-Safe Certified Firm**.
